Motivated second-year Computer Science student with a strong foundation in C++, data structures, and algorithms. Eager to expand knowledge in SQL and pursue opportunities in both data analysis and software engineering. Demonstrates excellent communication skills and the ability to work collaboratively in team environments. Actively seeking internship opportunities for Summer 2025 to gain hands-on experience and contribute to impactful projects. Available full-time from June 1 to August 20 in Miami, and remotely from Tallahassee afterward. Open to remote work and flexible during weekdays throughout the summer.
